## G. O. P. NOMINATIONS EXPECTED THURSDAY

150,000 Applications For 13,289 Seats At Convention.

CHICAGO, June 2.—Nominating speeches in the Republican national convention next week probably will come Thursday with balloting Friday. L. W. Henley, secretary of the arrangements committee announced today. Following the keynote speech of Senator Lodge, of Massachusetts, temporary chairman, and appointment of committees Tuesday, Mr. Henley said the convention probably would adjourn until Wednesday for committee work. Permanent organization, rules, and order of business are on Wednesday's tentative program. After the nominating speeches Thursday Mr. Henley said the tentative program would leave Friday and Saturday and possibly part of Thursday for balloting and consideration of platform.

On Monday, preceding the opening of the convention, caucuses of many state delegations are scheduled to select national committee members and make committee nominations. There are more than 150,000 applications for tickets for 13,289 seats, Mr. Henley stated, and 1,100 applications for 575 press seats. Increased interest of women in politics was assigned by Mr. Henley as a reason for the ticket demands. Distribution of tickets is to begin next Saturday, through national committees.

## PAINE LOOKS FORWARD TO MAY RAILWAY REPORT

Mayor Paine is awaiting with expectancy the Memphis street railway report for May, he said Wednesday. The report, the second of six, which will be made during the second month period, is due to be handed the city shortly.

May is taken as an average month in traffic, the mayor said. The report for April showed that the company was operating successfully and that \$4,000 was made after all expenses had been considered, the percentages set aside for rate base and for replacements and renewals.

The mayor said that the only way in which a reduction to five-cent fare came will be through the attack on the rate base made in Nashville courts and provided, of course, the six months' reports show a profit for the company.

## ELLIS WINDING UP 1920 COMMITTEES

President Robert R. Ellis, of the Chamber of Commerce, has nearly completed the appointment of new committees to serve during the 1920 administration, and is about ready to begin real work, assisted by these new divisions.

In addition to the appointment of the foreign trades and merchant marine committee, it was announced early Wednesday that the banking committee, headed by John T. Walsh, chairman, and the education committee, headed by J. Elmore Holmes, chairman, and Thomas E. Hooker, vice-chairman, had been named.

Both of these committees are confronted with a large amount of work for the 1920 administration, but have already taken hold in the true spirit of chamber workers.

The banking committee will have charge of all financial matters, both local and foreign, that come up for consideration before the Chamber of Commerce, and the education committee will handle the various educational questions that arise from time to time. No announcement was made as to whether this committee will attempt any suggestions or advice relative to the budget question now pending before the board of education and Mayor Paine, although it is thought hearty co-operation with the movement will be accorded.

## SAY TITLE CLOUDED.

Alleging that title to land they purchased from H. L. Bledien and wife, Esther, was clouded, S. C. Yeagrain and wife, Bessie, filed a bill in chancery Wednesday seeking judgment for \$1,530.45 as principal and \$150 as interest. The land is located in Crittenden county, Ark. The Yeagrains allege that a predecessor to the title granted 18 acres for drainage district work, and that they were not informed of this when they bought.

Tailoring

Summer clothes, light in weight and all the more difficult to tailor on that account. It's a slow job and one where the unskilled workman falls down—hard.

The fashioning of tropicals into garments of elegant comfort has been a half-century study of the Ridgelys shops. Many the order duplicated year after year originated by reason of a good-looking summer suit doing service upon the figure of a Memphian spending a brief few weeks in other sections of the country.

"They don't make them your way in our town," said a resident of Chicago to us last year. Of course not. They haven't the call for them in the same quantity, and they haven't studied the problem anyway.

A Ridgelys summer suit will do its full duty for three, four, five years and like it all the time.

WE CLOSE SATURDAY AT NOON.

A little more for perfect satisfaction. A little less with no satisfaction. That's all.
